SPECIFICATION SHEET

MODEL: 1125 - 120V Series: In-Ground & Well Lights

FIXTURE SPECIFICATIONS:

LAMP TYPE:

T6- Metal Halide, 70W Max.
 Ballast is integrated into fixture. Please specify ballast type in fixture ordering information. Lamp not included with fixture, order separately.

HOUSING:

Compression-molded, glass-reinforced polymer for strength and high UV stability – warranted for ten years against corrosion.

LENS COVER:

Injection-molded, glass-reinforced Ryton™ R4 composite fitted to housing with a C-curved cross-section gasket– surrounding edge of lens to provide a superior dual weather-tight seal. Lens cover is also available in precision CNC-machined solid brass or stainless steel.

FINISH:

Available in Black, Dark Bronze, Light Bronze, Verde, Pewter, Architectural Brick, Granite, Terra-cotta, Rust, Hunter Green, Mocha, Weathered Bronze, Weathered Iron, White, Natural Brass, Olde Brass, or Stainless Steel lens cover. Housing available in black only.

SOCKET/LAMP HOLDER:

Top grade porcelain, medium base 4KV pulse rated socket with spring center contact and a silicone rubber jacket protector to prevent moisture/debris from entering socket.

BALLAST:

High-power factor ballast rated for -20°F starting, 120 volt standard.

LENS:

Clear, tempered, shock and heat resistant, soda-lime glass lens - crowned (convex) to promote water runoff. Optical effect lenses are available; please see lens and accessories columns on fixture ordering information chart.

OPTICS/AIMING:

Adjustable lamp bracket provides up to ±25° of tilt as well as 360° of rotation for

precise beam control. Lamp bracket can be locked into place to prevent disrupting lamp position when relamping.

REFLECTOR:

Spot reflector, mechanically formed with a polished semi-specular finish for even beam control.

GLARE SHIELD:

Installed over reflector for wall wash and similar applications, eliminating glare from viewing angles.

MOUNTING:

In-grade. Wire compartment has two ¼" NPT conduit entries for through wiring as well as a silicone rubber gasketed cover for a completely waterproof wiring compartment (Optional pre-tapped side conduit entries are available – consult factory for details). Potting compound for wiring compartment supplied with fixture. Housing design allows for direct concrete mounting with no concrete mounting kit required.

FASTENERS/INSERTS:

All fasteners are stainless steel and brass.

WIRING:

Prewired with 200°C-rated wire along with a grounded lead.

CERTIFICATION:

UL Listed to U.S. and Canadian safety standards for line voltage landscape luminaires (UL 1598). Maximum wattages allowed by Underwriters Laboratories (UL) for U.S. and Canadian markets may vary. Maximum wattages specified are Underwriters Laboratories U.S. standard. Please contact Vista for any questions about maximum wattages allowed by UL Canadian standards. This luminaire has an ingress protection rating of IP67 for protection against detrimental dust intrusion as well as penetration of water under submersion. Drive-over rated for 3,000 lb.

All Vista luminaires are **MADE IN U.S.A.**
